

Welcome to Muheim's webpage. Let me start by saying that you have just entered the realm of an amazing environment for children to live, learn and laugh. We are a French Immersion-English dual track school focussed on the wellbeing of all our students. We have an amazing team that collaborate to meet the diverse needs of our learning community. We are proud to say we have a culture of caring that has a strong focus on relationships as a critical piece of student growth. The Muheim Learning Plan is currently being developed with a focus on self-regulation and engagement. Much of our conversation is about how to diversify our instruction to capture all the learning styles and interests of the children that attend our school. Our school goals are to look after ourselves, look after each other, look after our school and look after our world. We revisit our goals daily and try to keep them at the forefront of what we do. By creating such a caring environment, we are able to work on closing the achievement gap for our students and increase students' academic success. We currently house 282 students that range from kindergarten to grade 7. We have 35 hard working staff members and a strong PAC that support our school endeavours. Our staff is as unique as our students and each one offers an opportunity to engage with children in unique ways. We have an open door policy and welcome visitors at any time. For more information, please feel free to browse our webpage. Each month we post a newsletter and a calendar of events. In addition, we are more than happy to hear from you through emails or phone calls.

Sincerely,

Bev Forster

Principal
