

Muheim Elementary

Ecole Muheim Elementary School

2021/2022

Welcome!

Welcome to the website for Muheim Memorial Elementary School. Muheim is a dual track school with both French Immersion and English classes. We are honored to live and learn on the unceded Gidimt'en territory, the traditional home of the Witsuwit'en people. We have a student population of just under 300 students and we are one of the larger elementary schools in the Bulkley Valley. We have a dedicated staff that focuses on building positive relationships with students. Our staff is committed to engaging students in their learning and providing a caring culture within our school community.

We are looking forward to fewer COVID restrictions this year but are taking the necessary precautions. We are asking parents and visitors to please call ahead to arrange any meetings with staff members. As well, for those with questions regarding protocols, please email, or visit the SD 54 website where you will find our COVID resources.

I am excited about a new school year as your principal at Muheim.

Sincerely,

Dwayne Anderson

Principal
